

INSERT HANDLE MOBILE SECURE CADDY SPECIFICATION

Our Insert Handle Mobile Secure Caddy can be fully customisable to suit your office aesthetic while the versatile design can be used for low height storage or as under desk storage. Our environmentally friendly, lockable door slats are European made and provide extra security to your work place, while the sleek finish of the unit visually enhances any personal desk. The lockable caster wheels, drawers and tambour door mean that this caddy is both secure and stylish. Pair with one of our planter boxes to give your own environment a personalised touch with cleaner air and added acoustic insulation.

(All custom colours available on request)

Maximum Loads

The shelves and drawers in your cabinet have the following maximum load rating. These ratings are based on a uniformly distributed load.

Cabinet Shelf Maximum Load per shelf

Maximum load of 60kg per shelf level

Personal Drawers – 10kg Each

File Drawer – 40kg

Top of Caddy – 95kg

Standard Locking Mechanism

Cabinets feature laser cut keys and lock barrels, providing up to 10,000 different key combinations. These locks also feature an exchangeable lock barrel system so keys and barrels can be easily changed to suit individual requirements. Master keys also available.

Operating Conditions

This product is intended for use in dry internal applications.

+3°C to +40°C
