

## TAMBOUR CABINET SPECIFICATION

The securely lockable and sleek tambour cabinet offers maximum storage capacity while contributing minimally to office clutter through the cleverly designed articulated curtain. This allows quick, easy accessibility while ensuring open doors do not impede on floor space in front of the cabinet, allowing for smoother business operation with a minimum of storage space required. The durable materials are customisable and the minimal design compliments any office space.

### Features

- Achieve maximum storage capacity across a range of cabinet sizes incorporating fully adjustable shelves
- Environmentally sustainable PVC door slats as standard – Made in Germany
- Secure Pincer locking system provides ultimate peace of mind with one key operating two lock latches with separate anchor points in the door
- Levelling feet as standard and adjustable from the base inside the unit
- Optional lockable heavy duty castors (height restrictions apply)
- Magnetic strips to door posts eliminate door gaps
- Interior colour will match the exterior colour
- Matching planter box range available
- Removable barrel folding key with antimicrobial properties for durability, pocket comfort and hygiene
- 10 Year Warranty
- Made from recyclable sheet steel under ISO14001 EMS certification
- Durable powder coat finish
- Strong cold rolled steel
- Standard accessories available

### Standard Colours

- White Satin
- Matt Black

(All custom colours available on request)

### Maximum Loads

The shelves used in your cabinet have the following maximum load rating. These ratings are based on a uniformly distributed load.

### Cabinet Shelf Maximum Load per shelf

Maximum load of 80kg per shelf level

### Standard Locking Mechanism

Cabinets feature laser cut keys and lock barrels, providing up to 10,000 different key combinations. These locks also feature an exchangeable lock barrel system so keys and barrels can be easily changed to suit individual requirements. Master keys also available.

### Operating Conditions

This product is intended for use in dry internal applications.

+3°C to +40°C
